

Independent Agent Update

Hawaii Agency Owners,

As of **February 21, 2025**, Allstate will update the Hawaii Allstate Insurance Company condo underwriting guidelines.

We will allow a replacement condominium policy for current Allstate customers when the following requirements are met:

- The new policy is a primary or secondary condominium replacing an active Allstate primary/secondary condominium, homeowners or renters policy.
 - Please note: This revision removes the requirement the policy being replaced to be an existing Hawaii property policy.
- The condominium policy is written for the same customer as the policy being replaced.
- The policy being replaced has been in force 60+ days.
- The new condominium policy meets all other underwriting guidelines requirements.

Reference the updated homeowners underwriting guidelines on February 21, 2025, for more information.
